

## **Feedback Report (2022-23)**

**"Learning to receive feedback from each other is what leadership is all about."**

**(Sheila Heen)**

Feedback is an essential element of the learning process. The college collects the feedback on various curriculum aspects and courses from different stakeholders such as the students, alumni, Faculty, Employers and parents using structured proforma through online. The feedback collected from the individuals has been analyzed and taken to the consideration for the development of curriculum , teaching, learning process and environment. In order to analyse the lag areas of the college and scope for further improvement. It is basically an information collected in indirect manner about how one is investing efforts to accomplish a goal.

### **Students' Feedback**

The purpose of feedback in the assessment and learning process is to improve student's overall performance. Feedback assists all students in understanding the subject matter and provides clear guidance on how to improve their learning procedure. Feedback can help students gain confidence, self-awareness and enthusiasm for what they are learning. Basic parameters on which feedback from students was collected during the session 2022-23, were prominently related to

- Academic Content
- Teaching Learning Methodology
- Infrastructure
- Quality of Education
- Support Services
- Campus facilities
- Class Schedules and Workload
- Assessment and Grading
- Campus Safety

Online feedback through Google form was collected using the following link:

A Brief analytic summary of the feedback collected during the session 2022-23 is as under:

To understand and assess the expectations of students on curriculum , the college collects feedback from the students. This year the students evaluate the curriculum on a five point scale as Strongly agree, Agree, Neutral, Disagree and Strongly disagree. An effort was made to receive feedback from all students of the college. For this purpose, a google form was created and sent to students. In order to arrive to comprehensive results, useful statistical tools like percentage etc. have been used. For the effective presentation of the data, various types of graphs have been used. Around 2300 responses were collected. Out of which 258 from Computer Science, 36 from Science, 732 from Commerce and 947 from Arts students. The overall response of the students regarding their syllabi, regularity of classes and interest of teachers to answer their individual queries was satisfactory.

It was noticed that, majority of student have responded that, the present syllabus fulfils the demand of the present time and is job oriented. They evaluated the internal assessment process of the college appropriate, completion of the syllabus and the teacher's regularity to class as good. Students expressed a good level of appreciation to the infrastructural facilities such as library, sports, classrooms etc. available in the college. However, students have some problems regarding cleanliness of classrooms and basic amenities. To improve these formal instructions were circulated among the cleanliness committee by College principal which further instructed the staff appointed for this.

## **Teachers' Feedback Report 2022-23**

**"Good feedback comprises not just commentary about what has been done, but suggests for what has been done next." (Brown, 2007)**

Feedback plays a key role in holistic development of an institute as it is a method of collecting the true picture with the analysis of appreciation and suggestions of the existing system. It is basically information collected in an indirect manner about how one is doing efforts to accomplish a goal. Keeping this in view, the college considers it as a necessary requirement to enhance the growth of all the stakeholders pacing with modern times. Thus, the college authorities pay special attention and emphasise to fulfill all suggestions collected through feedback from students as well as other stakeholders such as teachers, alumni and their employers.

### **Teacher's Feedback**

Teacher's Feedback for the session 2022-23 was collected using the google form, which can be accessed using the following link:

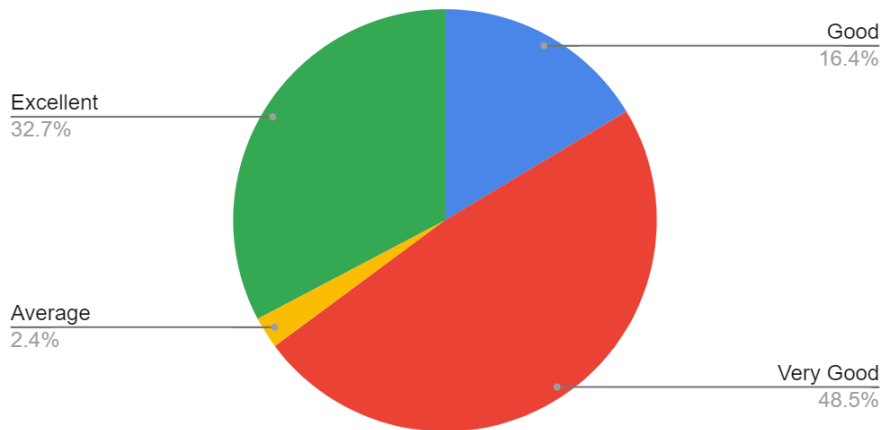

<https://forms.gle/qzdCyEJAjx3kGxRa9>

Brief summary of the analysis of responses is as under:

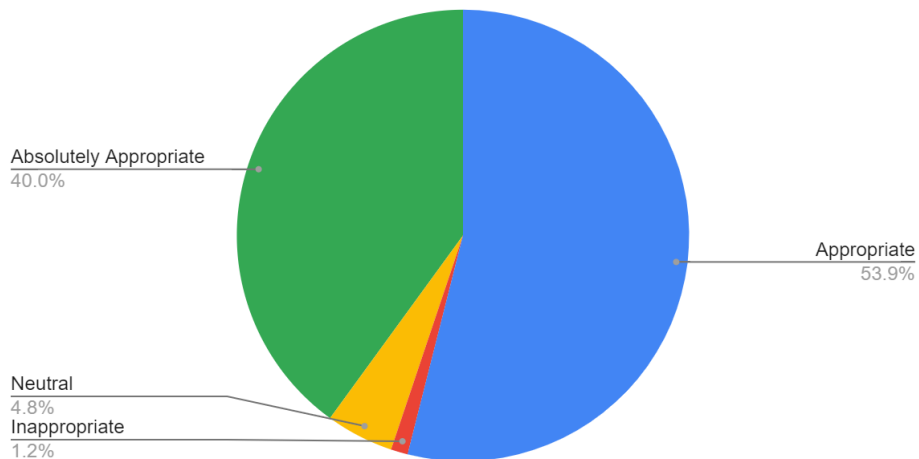

Almost all the teachers evaluated the syllabus taught to students as either excellent or very good. Only 2.4% marked it 'average'. Around 94% teachers agreed that the internal assessment process is appropriate. During the mentor-mentee classes, they try very frequently to identify the strength and weakness of their students. All the faculty members believe that co- curricular activities work as supplement to the syllabus. Approx. 96% teachers said that they have sufficient contact hours to complete the syllabus in time. However, a little disappointing response has been received on the issue of linkage of syllabus with the contemporary Global and National scenarios. Around 85% teachers believe that the current syllabus taught to the students makes them employable. Most of the staff members are satisfied with the adequacy of ICT facilities available in the college. Thus, overall a very positive response has been received from the faculty of the institute.

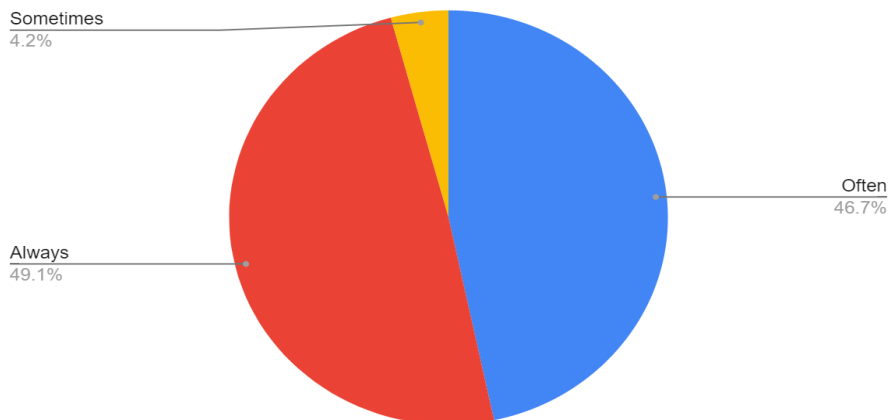

Count of 1. How do you evaluate the syllabus taught to your students.

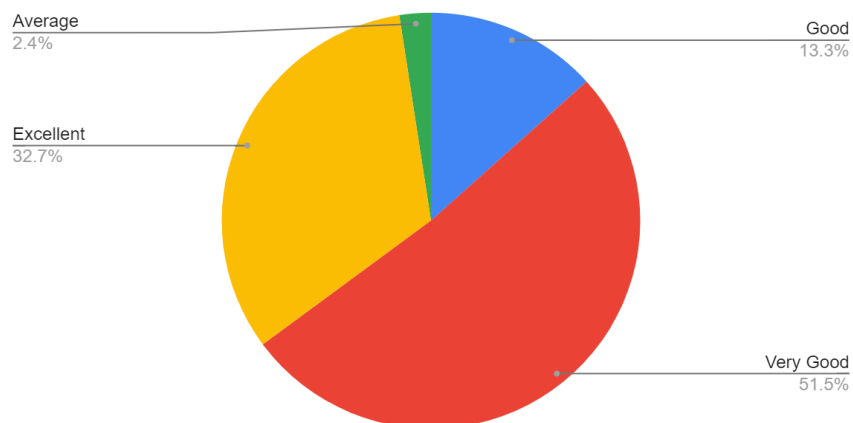

Count of 2. How do you evaluate the internal assessment process of students?

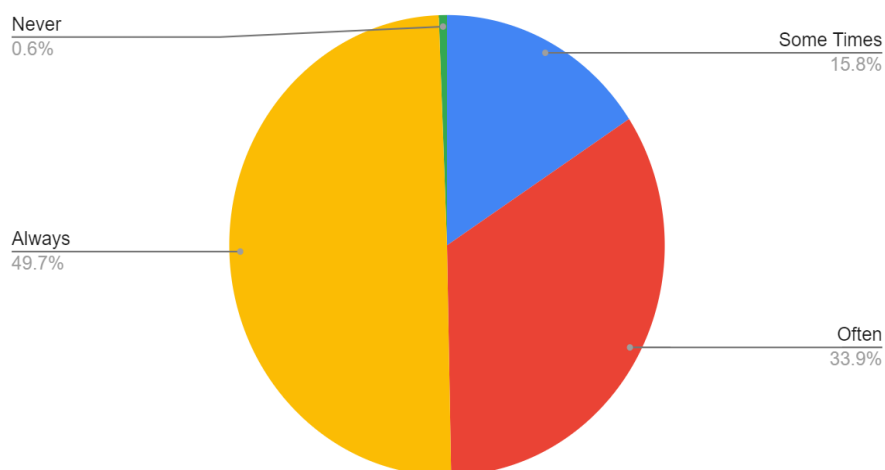

Count of 3. How frequently do you identify the strength and weakness of students in mentor-mentee groups? \*

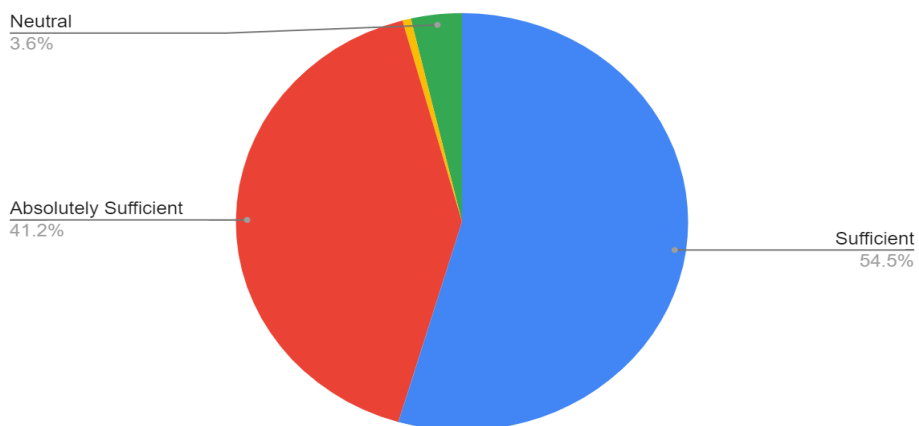

Count of 4. How do you evaluate the availability of reference books and study material for students?

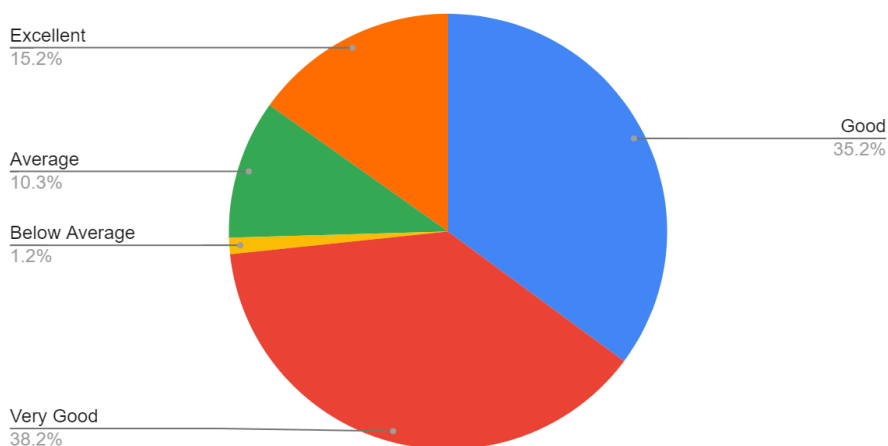

Count of 5. Do you think co-curricular activities supplement the syllabus.

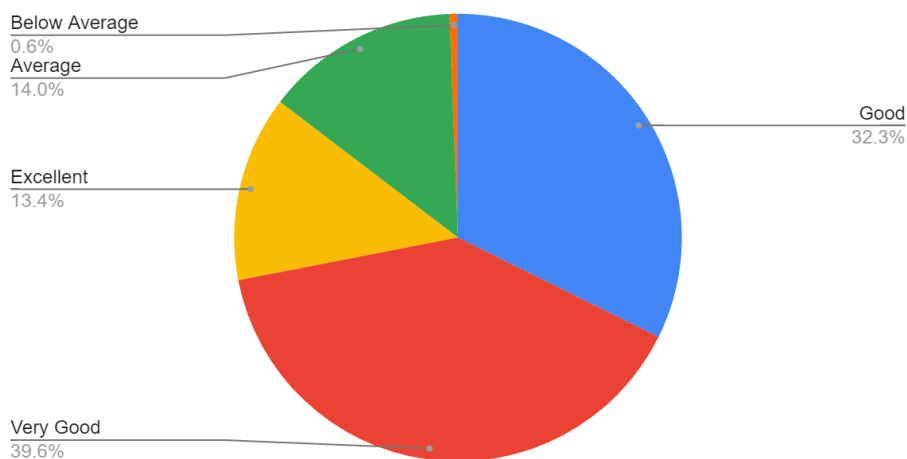

Count of 6. How do you evaluate sufficiency of contact hours stated in syllabus to complete the coverage of syllabus?

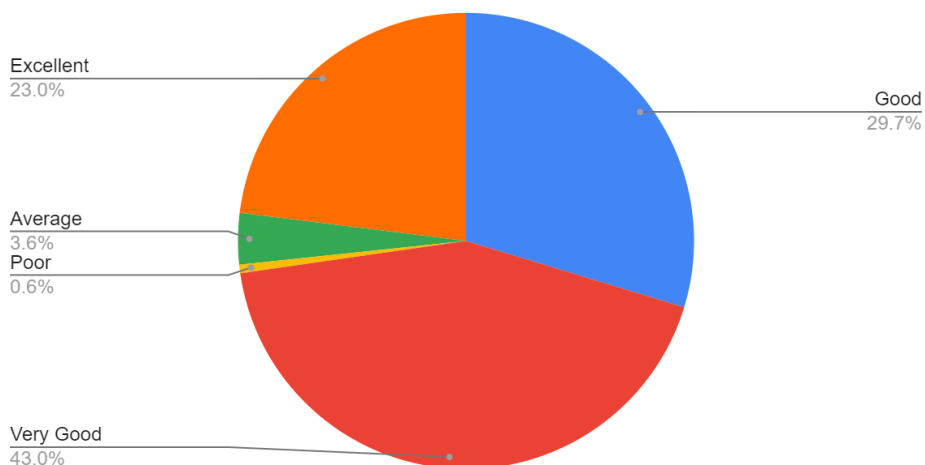

Count of 7. How do you rate the linkage between the syllabus and contemporary global and national scenario.

Count of 8. How do you evaluate the linkage between syllabus and employability of students.

Count of 9. How do you rate the adequacy of ICT enabled Teaching Facilities?

### **Suggestions**

Overall, a good response of appreciation was found fulfilling all the parameters related to the teaching learning process, curriculum contents and availability of infrastructure. However, in order to move ahead towards the perfection level, suggestions from all the teaching faculty is always welcome. Some suggestions for organising FDPs, Seminars, Workshop for teaching faculty and regarding beautification and cleanliness of college premises were received. Conducting parents teacher meeting was also suggested. These suggestions were forwarded to the concerned authorities for necessary action.

### **Action Taken**

The council members decided to submit the proposal for organising the seminar/ Workshop/FDPs in the college council meeting. It was decided in the meeting of the college council and IQAC that the cleanliness committee will be allowed to hire labour for cleanliness. It was discussed in the meeting of IQAC to call parents teacher meeting once in a semester.

A meeting of college council and IQAC members was held on 15 Dec, 2022 under the chairmanship of Principal, Dr. Suman, regarding NAAC visit. The main point was building repair & electricity repair. The following points were discussed:

1. The electricity maintenance will be done either by electricity department or by college funds.
2. The venue for Principal's ppt was discussed. It will be done either in edusat room or commerce dept.
3. The venue for teacher's interaction and closing ceremony was done.
4. The work for depidation was debated for repair in different departments and classrooms (Sachin) Pally furniture (Bhudeep)
5. and heavy furniture (Sachin)
5. Report from Beautification and cleanliness committee was discussed. Cleaning committee was allowed to hire labours for cleanliness.

## **Employer's Feedback Report (2022-23)**

**“We all need people who will give us feedback. That's how we improve.”  
- Bill Gates**

Feedback is valuable information that is used to make important decisions. Effective feedback has benefits for the giver, the receiver, and the wider organization. Feedback from employers is an important measure for the institution to understand the requirements of organizations/Institutions where students get placed, so as to assess the outcome of the entire teaching-learning process. This helps the Institute to evaluate the input received from the employers and to develop future strategies towards better learning outcomes and holistic development so that the students are gainfully employed after leaving the college. The employer survey was done using Google Forms so that our alumna's skills could be assessed. The link to the Google form is:

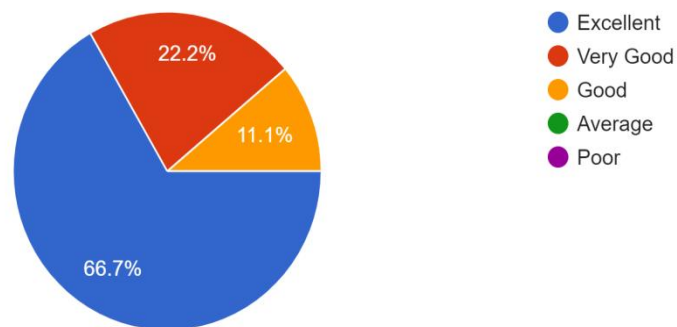

<https://forms.gle/p3fcBLyrnNC5RzMP9>

A brief summary of the feedback given by Employers during the session 2022-23 is as under:

Most of the employers (approximately 88.9%) are of the opinion that our alumni have excellent and good communication, problem-solving skills. 66.6% of employers are strongly satisfied and satisfied with the skill developed by the employee in their journey of learning and training. Every employer looks forward to a healthy team spirit and leadership. They have stated that our alumni have comparatively good team spirit and leadership qualities. 55.5% of employers observe that the current curriculum meets the requirement of the workplace while 45.5% of employers are of opinion that there is a scope for improvement in the curriculum to meet the current workplace requirement. The employers are happy with the initiative skills of our alumni, 55.6% of the respondents said that they always take the initiative to try new ideas for the benefit of the organization, while 22.2% often take the initiative. Majority of respondents said that it is true that students have good planning and organization skills, which is pre-requisite for successful operation of an organization. Only 11.1% of employers disagreed to recruit more alumni of the college while the rest of the employers strongly agreed or agreed to recruit more alumni of the college in the future, which is a positive sign for the future placement of our students. Overall, there has been a good response of employers' appreciation towards our college alumni.

1. How do you rate communication skills of our alumni.

### Suggestions

Employers gave overall positive feedback for the alumni of our college but there is always a scope for improvement since nothing can be full proof. Employers suggested that curriculum should be revised since what we learn today will certainly be obsolete one day. Curriculum should be flexible so that it can be restructured as per contemporary job requirements. Institute should invite the senior level manager of companies, it can help the students to understand the expectations of companies from freshers. In addition to this Institute should sign MOU with different industries to enhance the exposure to corporate world and create job opportunities for the students. In today's world of digitalization, it is the requirement of current scenario to incorporate new tools and techniques as the part of curriculum, so that students can easily acclimatize in the corporate culture.

### Action Taken:

A meeting of IQAC has been called to discuss the various agendas in which members decided unanimously to sign MOU with various companies. The decision has been implemented by signing the MOU with Saylor Academy. This is one step forward taken by the Institute for holistic development of the students as well for Institute itself.

A meeting of IQAC was held on 28-09-2022 in the Principal's Office to discuss the following agenda :-

1. Fixing Annual Agenda of College Activities
2. Sending Proposal of Budget to DGHE for Building Maintenance and Improving Water Facility.
3. To activate Mentor-Mentee Classes.
4. Parents-Teachers Meeting to be called once in a semester.
5. Displaying contact no.s of Counselling Cell Members on the College Website.
6. Repair and Installation of CCTV Cameras. Installing CCTV Cameras near Canteen and Gymnasium Hall.
7. Seminars and Workshops to be organised in Collaboration with IQAC.
8. Nature Interpretation Cell will work for Green Audit and Energy Audit.
9. Inviting Alumnae as resource persons in different functions and as judges in various other Departmental Activities.
10. Equipping each dept. with Computer and Printer.
11. To create Google Form for record updation of different workshops, seminars and activities organised in the college.
12. Displaying College Map in every nook and corner of the college.
13. College Website to be updated weekly.
14. Signing MOU with Companies.
15. Working on "Go Green and Plastic Free Campus".

## Alumni Feedback Report

### (2022-23)

Feedback may be a gift, but constructive feedback is an investment.

(Brad Boyson)

Feedback is essential part for the overall development of an institution since it allows the space for collecting the accurate data and the evaluation and of the current system. Essentially, it is an information regarding how one is making attempts to achieve a goal that is being collected in an indirect manner. The institution's most devoted supporters are its alumni. It becomes a useful tool for deciding whether their education has given them the necessary skills to succeed in the industry. Online answers were compiled using Google forms during the 2022–23 session, and members were asked for suggestions for improvement. A link is provided below:
